**KNOWING  
BEING  
DOING**

## EDITORIAL

Christian Greetings!

Dear friends in Christ Jesus, we pray that you have a blessed experience in reading God's amazing accomplishments in our COTRTS community. The new academic year for 2018-19 began with the Spiritual Emphasis week. The theme for this academic year is 'Knowing - Being - Doing'. As the theme signifies, COTRTS stands for equipping servant leaders with the knowledge and wisdom of God, to encourage them in their Spiritual walk with Christ, and to engage with all the opportunities in the harvest field. Currently, we have 73 residential and 40 of them are in extension studies. We are offering Ph.D in Missiology (waiting for ATA accreditation), M. Th in Mission and Church History, Master of Divinity, Bachelor of Theology and Diploma in Theology.

The campus has been renovated/painted and adorned over the summer with new greenery for an eco-friendly campus. Rev. Mrs. Leela Grace joined us the faculty team and Mr. Samuel Raj joined as a Librarian.

Continuously pray and support COTRTS ministries as we look forward to a blessed time ahead.

God Bless

On behalf of COTRTS Team

# **COTR DOES**

## **(DEPARTMENT OF EXTENSION STUDIES)**

***The DOES program started in the year 2016 by COTR Theological Seminary. It offers programs both B.Th and M.Div.***

***This program is offered as an extension studies in distance mode for those busy in the ministry but, are interested in knowing the word more fully. This was the fourth semester; we had 29 students from different states for both B.Th and M.Div. out of them 8 were new. They had a wonderful time of learning from the word from the respected faculties.***

## SPIRITUAL EMPHASIS WEEK

*Spiritual Emphasis Speaker*  
**Rev. Prof. K.K. Joseph**

It was great start here at COTRTS for the academic year 2018-2019, with an emphasis on entering into the new academic year with spiritual fervor, commitment to know Him more, live Him and work for Him. COTRTS has set apart 08/06/2018 and 09/06/2018 in seeking His guidance and counsel for the year ahead.

The community was blessed with the word of God from Rev. Prof. K.K. Joseph who is a renowned facilitator of God's word. He spoke in 4 sessions on "Knowing - Being - Doing," which is our theme for the academic year 2018-19. We the COTRTS community were blessed and rejuvenated by His word. Trusting and hoping for the best of God's hand on our community to know Him more, live and work for Him.
